Use of Emergency Inhaler in School

Under government guidance, our school is able to keep spare inhalers for use in emergencies by those children who have been diagnosed as asthmatic. This would be in case their inhalers are broken, empty or unavailable. Hopefully, this situation would be extremely rare, however we would like to know that support would be there if needed. If you would be happy for an emergency inhaler to be available to your child, please tick the appropriate box on the attached slip and return it to school as soon as possible.

Yours faithfully

Mr Maher
Headteacher

USE OF EMERGENCY SALBUTAMOL INHALER

Name of Child:

Year:

1. I can confirm that my child has been diagnosed with asthma / has been prescribed an inhaler.
2. My child has a working, in-date inhaler, clearly labelled with their name, which is kept in school.
3. In the event of my child displaying symptoms of asthma, and if their inhaler is not available or is unusable, I give consent for my child to receive salbutamol from an emergency inhaler held by the school for such emergencies.
