

Year 1's Homework Menu - Autumn 2nd Half Term

English

Rhyming words:

Learn some nursery rhymes that actually rhyme, like Twinkle, Twinkle and Incy Wincy Spider.

Then think of some rhyming words of your own.

Maths

Give your partner a magic number (e.g. 100). Estimate how far you will walk to if you walk 100 steps. Count it out and find where you finish. Were you right? Did you go further than you thought you would?

Is it possible to go 100 steps in every direction from where you are standing? Why?

Science

Go outside and observe the weather, draw what you see and describing what you hear and feel.

Which weather you like the best and why?

[Seasons: What are the seasons? - BBC Teach](#)

Watch the video about the seasons.

Maths

Do you know the days of the week and the months of the year?

Learn them in order and try to spell them correctly.

Is there something special that happens each week or each month that can help you remember the days and months?

RE

In RE this half term, the theme is Incarnation.

Christians believe that Jesus is God and that he was born as a baby in Bethlehem.

Draw a picture to show your understanding of the Christmas story.

I wonder how this relates to your own faith?

English

This term we will be writing our own

Traditional Tale. Read some stories like Little Red Riding Hood, Jack and the Bean Stalk, The Three Little Pigs or any others. Draw some the characters and label them. Are they good or bad, can they talk?

Are they magical?

Personal Development

In PSHE this half term we will be celebrating being different.

In order to do this, we need to know how we are similar as well as how we are different to others. Celebrate your similarities and differences to your friends. Tell me more about yourself.

English

Draw and label your favourite animal, then write some sentences about the animal? Remember to use a capital letter, finger spaces and a full stop. Also, use phonics to spell each word (unless you know the spelling on your own), this means sound each word out onto your fingers before writing it.

Maths

Using natural objects, can you make different 2D shapes? Can you use stones to make a circle? Can you make a triangle from twigs?

Which natural objects could you use to make a pentagon?
